

THINK SUBMARINE IS SAFE AT SEA

Allied Cruisers Still
Patrolling Entrance to
Hampton Roads

PASSES UNOBSERVED

Underwater Freighter Passes
Within Hundred Yards of
U. S. Destroyer Unseen

BREMEN NOT EXPECTED SOON

NORFOLK, Va., Aug. 3.—The allied cruisers patrolling the entrance to Hampton roads still were in position within sight of shore during today and there was nothing to indicate that they were aware of the passage of the German submarine Deutschland thru the capes last night. Marine men here believed the submarine had entirely eluded the war vessels and was safely on her way across the Atlantic.

Captain Hinch of the war-bound German liner Neckar, who directed the departure of the Deutschland said today that the underwater freighter passed unobserved within one hundred yards of a United States destroyer on neutrality duty about a mile off the capes. He also disclosed that the submarine had submerged twice on her way down the bay to test her engines.

"When we came to a stop at a point in the bay which I shall not disclose because we probably shall have to use the place again," said Captain Hinch, "the pilot aboard the submarine was taken off to the Timmins. The submarine was submerged so that her machinery and pumps could be tested and the cargo trimmed, should that be necessary. When she came to the surface again Captain Koenig came up thru the conning tower and said that everything was working perfectly. We started off down the bay and when no traffic was in sight the Deutschland took another dive while running. She went down until only four inches of her periscope was showing above the water. Then I dropped behind to see at what distance the wake of the Deutschland or the foam crest of the periscope could be seen. At four hundred yards with glasses I could not see a thing.

"In the afternoon we started for the capes and you know how the better part of the trip was made. The destroyer was passed in the dark. As soon as the men on the bridge sighted the lights of the Timmins they watched us closely and looked all around for the submarine which passed them at a distance of only a hundred yards. At the time the submarine was submerged until her decks were awash.

"Later, when reported to the destroyer that the Deutschland had cleared the capes and was on her way to sea, the officers aboard seemed most surprised. They did not observe her at all. So you see that the British and French cruisers off shore hadn't the slightest chance of finding the Deutschland."

Captain Hinch added that after the officers and members of the crew had given three cheers for America he heard Captain Koenig give the order "diving stations" at that time the vessels were about a mile off the capes. The submarine increased her speed and the men aboard the Timmins which had stopped watched her and she sped for the open sea. A mile away all her lights suddenly disappeared. Captain Hinch said he knew the vessel submerged at that time when a mile inside the three mile limit.

Captain Hinch returned to Baltimore tonight.

In response to questions regarding the prospects of the Bremen, sister ship of the Deutschland, arriving in American waters, Captain Hinch said:

"You can depend upon it that if the Bremen was coming in the near future, I would not be returning to Baltimore."

ORDER FRESH TROOPS

TO PURSUE VILLA
Chihuahua City, Mex., Aug. 3.—Fresh troops have been ordered into the pursuit of Villa, General Jacinto Trevino announced tonight. General Fortuno Maycotte with a brigade of cavalry has been ordered to Mapimi and there take up the chase. General Huerta Vargas with a brigade has been ordered south to assist in the policing of the Durango-Chihuahua border.

MEACHAM HEADS OSTEOPATHS

Kansas City, Aug. 3.—Dr. B. Meacham of Asheville, N. C., was elected president of the American Osteopathic association today. Other officers elected were Dr. W. C. Young, St. Paul, Minn., and Dr. E. I. B. Ligon, Mobile, Ala., vice-presidents.

TO KEEP CHILD LABOR MEASURE BEFORE SENATE UNTIL IT IS PASSED

Would Prevent Interstate Commerce in Products of Child Labor—Southern Democrats Only Opponents.

Washington, Aug. 3.—The senate late today began consideration of the bill to prevent interstate commerce in the products of child labor. Southern Democrats are the only opponents of the measure, which will be kept before the senate until it is passed.

Senator Robinson in presenting the bill on behalf of the commerce committee declared that under decision of the supreme court the power of congress to regulate commerce is complete and absolute; that the law; that the fourteenth amendment, which provides that no person shall be deprived of life, liberty or property without due process of law; that the fourteenth amendment to the constitution imposes the same limitation on the states as that imposed by the fifth amendment on the federal government; and that "the states in the exercise of the police power can suppress evils of child labor, congress can promote the same end by denying the channels of commerce to persons and enterprises in the interest of the public health and safety."

"The lottery cases and the white slave cases decided by the supreme court," he said, "affirm the power of congress to enact legislation in the nature of police regulations thru its power to regulate commerce."

DEPUTIES RESTORE ORDER IN ROSICLARE STRIKE DISTRICT

Twenty Business Men are Named
Deputies—Union Men Moving Back to Their Homes.

Springfield, Ill., Aug. 3.—Twenty business men of Rosiclare, Hardin county, Illinois, where a strike of lead miners is in progress, have been appointed deputies and order has been restored in the turbulent district, according to a telegram received tonight by Governor Dunne from Colonel Richings J. Shand, assistant adjutant general, and James E. Morris, secretary of the mining board.

Shand and Morris were sent by the governor after receipt of messages stating that non-union guards were forcing union miners to leave the county at the point of loaded guns. The telegrams received tonight by Governor Dunne states:

"At a joint meeting of citizens and union miners at Rosiclare twenty business men were selected as deputies. Confidence restored and union miners moving back to their homes in Rosiclare. Conditions best possible under circumstances. Mines will open at the earliest moment."

The message was signed by Shand and Morris.

Governor Dunne stated Colonel Shand and Mr. Morris would return to Springfield by Friday.

MEN WHO REFUSED TO TAKE FEDERAL OATH WILL BE SENT TO BORDER

DES MOINES, Iowa, Aug. 3.—All members of the four cavalry troops of the Iowa National Guard who refused to take the federal oath and were allowed to go to their homes have been ordered by the adjutant general to report here at once. They are to go to Fort Des Moines, where they will get ready to go to the border. This is in compliance with orders received from the war department. One hundred and three men refused to take the federal oath at the recent mobilization of the state troops, but the war department has authorized the use of these men in the United States territory under their oath of enlistment in the Iowa National Guard. They cannot be sent without he confines of the United States.

FIVE CABINET MEMBERS TO SPEAK DURING MAINE CAMPAIGN

NEW YORK, Aug. 3.—Five members of President Wilson's cabinet, and several congressmen will speak during the coming campaign in Maine, according to a partial list issued tonight by Chairman Homer S. Cummings of the speakers' bureau of the Democratic national committee. The list includes:

Secretary of War Baker, Attorney General Gregory, Secretary of Commerce Redfield, Secretary of Labor Wilson, Secretary of Navy Daniels, Senator Hollis, New Hampshire; Representative Cullop of Indiana; Casey, Pennsylvania; Gandy, South Dakota; Brumbaugh, Ohio; McIn, Alabama and Charles H. Brough, governor of Arkansas.

Vance McCormick, Democratic national chairman, announced tonight that President Wilson's notification ceremonies at Shadow Lawn, Long Branch, N. J., possibly would be held Saturday, Sept. 2nd.

HELD NEGRO TO GRAND JURY

Springfield, Ill., Aug. 3.—John C. Jackson, a negro, who says he is a church elder, and who was arrested recently on charges of collecting funds for a mythical negro orphanage in Danville, Ill., at a hearing here today was held in \$1,000 bail for the grand jury. He was unable to furnish bond.

TWO COMMITTEES TO STUDY BABY PARALYSIS

PATHOLOGISTS AND BACTERIOLOGISTS COMPOSE TWO BODIES

Number of Deaths and New Cases Reach High Water Mark in New York City—Dr. Flexner of Rockefeller Institute Heads One Committee.

New York, Aug. 3.—Two committees composed of patriotic pathologists and bacteriologists from all over the country were selected today to study infantile paralysis in all its ramifications. The naming of the committees followed a conference of the experts.

The number of deaths and new cases reached a new high mark with the 24 hours ending at 10 o'clock today. New cases totalled 217 and the number of deaths was 43. Health Commissioner Haven Emerson announced tonight that the death rate of the present epidemic was now twenty per cent of the cases reported while in 1907 it was only 5 per cent.

Of the committees the first is to take up a laboratory investigation of the nature, communicability and virulence of the disease.

Dr. Simon Flexner of the Rockefeller Institute for medical research was made chairman and the other members are Dr. Ludwig Hektoen, University of Chicago; Dr. Hans Zinsser, Columbia University College of Physicians and Surgeons; Dr. Richard M. Pearce, University of Pennsylvania; Dr. J. W. Jobling, Vanderbilt University Nashville, Tenn.; G. W. McCoy, government hygienic laboratories at Washington, and Dr. Theobald Smith, Rockefeller Institute.

The second committee which is to devise practical methods for the prevention of the disease and its spread, is composed of Dr. Victor C. Vaughn, University of Michigan; Dr. M. J. Rosenau, Harvard; Dr. William H. Park, health department laboratories of this city; Dr. Francis W. Peabody, Peter (Brent) Brigham Hospital, Boston; Dr. John Howland, Johns Hopkins University, Baltimore; and Dr. Charles C. Bass, Tulane University, New Orleans.

The members of the committee today visited one hospital here and studied various cases of infantile paralysis. Tomorrow they will visit the more infected parts of the city.

CLAIMS SIX LIVES IN STATE

Albany, N. Y., Aug. 3.—Infantile paralysis has claimed six lives in the state outside the city of New York today, the largest number of deaths since the inception of the scourge. Thirty-eight additional cases were reported. These additions make a total of 51 deaths and 545 cases.

DECLARE DIVIDENDS ON SMALLER PERCENTAGE OF RAILWAY STOCK

CHICAGO, Aug. 3.—Dividends were declared on a smaller percentage of railway stock in 1915 than during any year since 1904 and the average rate of dividend was the lowest since 1905, says the Railway Age Gazette today in analyzing the statistics of the interstate commerce commission for the fiscal year ending June 30, 1915.

Dividends were declared on 60.45 percent of the outstanding railway stocks and the average rate declared was 3.8 percent, the paper says. The highest average rate of dividend, 5.43 percent was declared during 1911 on 67.65 percent of all the railway stocks.

FIFTH AND SIXTH REGIMENTS WILL GO INTO CAMP SATURDAY

SPRINGFIELD, Ill., Aug. 3.—The first companies of the Fifth and Sixth Regiments, I. N. G., who will camp here ten days, are due at Camp Dunne at five o'clock Saturday morning. A special train will leave Quincy at 11:55 o'clock tomorrow night over the Wabash railroad carrying members of F company of the Fifth regiment. B company of Jacksonville, is to be picked up enroute. I company of Danville will arrive in Springfield about the same hour as the special train from Quincy.

Two coaches bearing the Danville company will be attached to the Quincy special in the local yards and the train of seven coaches will be taken to Camp Dunne. It is due to arrive there at five a. m. Saturday.

DISCUSS DEMANDS OF SWITCHMEN'S UNION MADE IN CHICAGO IN MARCH

NEW YORK, Aug. 3.—Demands of members of the Switchmen's Union of North America, for increased wages and shorter hours, made in Chicago in March, are being discussed in this city by representatives of the union and the railroads affected it was learned tonight. The conference which has been in progress more than a week is private.

The railroads represented at the conference are the New York Central, Michigan Central, Lehigh Valley, Nickel Plate, Pere Marquette, Rock Island, Chicago and Eastern Illinois, Chicago Great Western, Soo, Elgin, Joliet & Eastern, Cincinnati New Orleans and Western, Texas Pacific, Baltimore & Ohio and the Delaware, Lackawanna & Western.

TELEGRAPHIC BRIEFS

QUEBEC—Twelve hundred miners employed in the Theford Asbestos mines near Sherbrooke, Que., are on strike for higher wages.

YOKAHAMA — The Japanese steamship Hawaii Maru, bound for Tacoma, Wash., has been indefinitely quarantined here owing to an outbreak of cholera on board. Four of fifteen victims died.

PORTLAND, Ore.—Charles Davis of Denver was elected supreme vice chancellor of the Knights of Pythias. The office leads automatically to the highest office within the gift of the order.

MORRIS, Ill.—After a search of two hours in the belief that her three year old son, Joseph, had wandered away and been lost, Mrs. Harry Bush Brook of Vienna township found the boy drowned in a barrel of refuse which stood at the kitchen steps.

OTTAWA, Ill.—The First Congregational church has extended an unanimous call to the Rev. Carl Stackman of Somerville, Mass. The Ottawa church is the second largest in the state outside of Chicago.

OTTAWA, Ill.—Miss Elizabeth Mueller, one hundred years old, was killed at Peru, near here, when she walked off the edge of the roof house. She had climbed to the roof thru a mansard window, presumably in a somewhat somnambulist condition.

NEW ORLEANS—Miss Kate Gordon, president of the Southern states woman suffrage conference issued a statement praising President Wilson for his stand for state action of suffrage and declaring Democratic women voters would not be deceived by Mr. Hughes' "bait" of a federal amendment as a short cut to woman suffrage.

WAR NEWS SUMMARIZED.

Thursday passed in all the war theatres without notable gains for any of belligerents. In the Stokholm region violent fighting continued between the Russians and Austro-Germans, while German counter-attacks against the British in the Deville wood sector in France, all of which were repulsed and bombardments characterized the operations in France. Battles also took place along the Sareth and Dniester rivers in Galicia between the Russians and Teutons while in the Caucasus region the Russians captured a Turkish work and some 300 prisoners and guns. In the Austro-Italian theatre the Italians have made fresh progress against the Austro-Hungarians.

BOARD OF OFFICERS TO PROBE RECENT ARTICLES ABOUT TROOPS

SAN ANTONIO, Texas, Aug. 3.—General Funston today took the first step in his campaign to prevent stories being sent out from camps of the national guard incorrectly stating conditions there. He appointed Brig. Gen. Jack Foster of Illinois guard to name a board of officers who will investigate articles recently sent out of San Antonio regarding alleged sniping of Illinois National men by Mexicans and a battle that followed.

The articles to which the general objects were by four correspondents of Chicago papers.

The investigating officers will report their finding to General Funston. If found guilty of misrepresenting conditions the correspondents probably will be refused admission to the camps.

RED CROSS TO RE-ESTABLISH UNITS IN CENTRAL EMPIRES

WASHINGTON, Aug. 3.—Red Cross officials announced tonight they had taken steps looking to the shipment of hospital supplies to Germany and her allies by re-establishment of red cross units in those countries, the only method by which Great Britain will permit of such shipments thru her blockade. The red cross has asked Germany and Austria for permission to send one or two hospital units of six doctors and eight nurses into each of the central empires.

The red cross will not seek funds for establishment of relief work in countries of the central allies specifically, but any contributions made on condition that they be used in these countries will be so expended.

ABANDON BABY SHOW

Mt. Sterling, Ill., Aug. 3.—A baby show planned for the Brown county fair next week, has been abandoned because of the prevalence of infantile paralysis in the state. Senator Walter I. Manny, secretary of the fair association was asked by C. St. Clair Drake, secretary of the state board of health, today not to hold the show. Photographs of the babies may be shown instead.

TENNESSEE FLOOD DEATH LIST INCREASES TO 36

MIDDLESBORO, KY., RECEIVES FULLER
REPORTS FROM FLOOD DISTRICT

Water Very Slow in Subsiding—
Creek not Followed Entire Distance to its Mouth—Only Four Bodies are Recovered.

Middlesboro, Ky., Aug. 3.—The death list due to the flood on Blair's Creek, Claiborne county, Tenn., was increased to 36 late tonight when fuller reports from the flooded districts were received here.

The water was reported to be very slow in subsiding and for that reason the creek had not been followed the entire distance ten miles to its mouth. Until this is done it will not be known how many persons have been drowned. So far only four bodies have been found.

D. C. Edmonds, whose wife and four children were drowned, escaped after being washed for five miles among driftwood. Two of Edmonds' children were found alive on drift timber three miles from home. Edmonds said he was awakened at 3 o'clock this morning by the roaring of the flood. Water was all around his house, and a foot deep on the floor. Before he could awaken his family, the building was moved from its foundation and started floating down the stream. Edmonds said he does not know how he got out of the building, or how he was piled on the bank.

ROGER CASEMENT PAYS DEATH PENALTY FOR HIGH TREASON

LONDON, Aug. 3.—Roger Casement, former British knight and consul, was hanged at 9 o'clock this morning in Pentonville jail for high treason. He was convicted of conspiring to cause an armed revolt in Ireland and with having sought German aid to that end.

Two hours before the execution a crowd of men, women and children gathered before the prison gates. Twenty minutes before Casement mounted the scaffold the great prison bell commenced to toll. The sound was greeted with cheers from the crowd, mingled with some groans. At 9 o'clock the crowd extended for two blocks from the prison front. At one minute after 9 o'clock a single stroke of the big bell announced that the trap had been sprung.

PREPARING TO AVERT FINAL BREAK BETWEEN ROADS AND MEN

President May Appeal to Managers and Employees Urging Settlement in the Interest of the Public.

Washington, Aug. 3.—While the strike vote of 400,000 railroad employees was being counted in New York every agency of the federal government affected by the situation was preparing today to avert a final break between the railroads and the workers.

William L. Chambers, commissioner of the board of mediation and conciliation, was in communication with President Wilson.

A call was issued for a meeting tomorrow morning of the senate commerce committee to decide whether hearings will be held on Chairman Newlands resolution proposing an investigation by the interstate commerce commission on hours of labor on railroads and urging employees and employers to postpone a settlement of their differences until a report can be made.

The president late today designated W. W. Hanger, assistant commissioner of the board of mediation and conciliation, as a member of the board. The law stipulates that there shall be three members, but Judge Martin L. Knapp, chairman, and William L. Chambers, commissioner, have served alone because of an official of the department labor designated as the third member when the board was formed, was not qualified for the place. President Wilson may make a personal appeal to the railroad managers and the employees urging them to effect a settlement in the interest of the public.

CHANEY OUTBOXES HOMMEY

New York, Aug. 3.—George Chaney of Baltimore, who is to meet Johnny Kilbane for the feather-weight championship on Labor Day, outboxed Packey Hommey of this city in a ten-round bout here tonight. Chaney weighing 127 pounds conceded four pounds to his opponent, but excelled handily in eight of the rounds, the other two being evened.

DECLARE STRIKE SETTLED.

New York, Aug. 3.—The garment strike which virtually has paralyzed the women's suit and cloak industry in this city for nearly four months was declared settled tonight at a general meeting of the strike committee.

A favorable vote was taken on the question of ratifying the amended agreement drawn up two weeks ago between representatives of the strikers and manufacturers the original terms of which previously had been rejected by strikers.

TODAY LAST DAY FOR FILING PETITIONS FOR FALL PRIMARIES

Secretary Stevenson Expects to Have
About One-Fourth More Petitions
Than Were Filed in 1914 When
Lists Close.

Springfield, Ill., Aug. 3.—On the eve of the last day for filing petitions for the September primaries, Secretary of State Lewis G. Stevenson announced today that by five o'clock tomorrow afternoon when the lists close he expects to have in his office about one-fourth more petitions than were filed in 1914.

A large number of petitions are expected to be filed tomorrow, as many of the blank forms sent out have not yet been returned. The law permits five days for withdrawal. At the end of that period the secretary of state certifies to the 102 county clerks the names to go on the ballot in the respective counties. The certification notices must be mailed by August 14th.

William E. Brinton, former mayor of Dixon, Ill., filed today for a place on the Democratic ticket for governor. The following others filed today:

For lieutenant governor—Henry W. Hutmann, Democrat of Chicago.

For Secretary of State—James O. Monroe, Democrat of Maywood.

For State Treasurer—X. F. Beidler, Democrat of Lincoln and William Grant Webster, Republican of Chicago.

For Attorney General—Fayette S. Munro, Republican of Chicago.

Many filed for minor offices.

SUBMARINE SINKS ITALIAN MAIL STEAMER LELIMBRO

LONDON, Aug. 4.—The Italian Mail Steamer Lelimbros has been sunk by a submarine and twenty eight survivors have arrived at Malta, says a Reuter dispatch from that place. Two boat loads with survivors also have arrived at Syracuse.

The Lelimbros carried a crew of 57 and her passengers numbered 113. It is believed that a large number of them lost their lives. The passengers included women and children. Survivors report that a submarine fired a warning shot and then gave chase, firing continuously.

"The submarine," adds the dispatch, "continued its bombardment smashing five boats, the occupants of which perished. Some of the survivors say that many were killed by shell fire."

MCKINLEY TENDERS RECEPTION FOR CHAIRMAN W. R. WILCOX

Republican Senators and Representatives are Presented to Head of National Committee.

Washington, Aug. 3.—Republican senators and representatives were presented here tonight to William R. Wilcox of New York, chairman of the Republican national committee at a reception tendered by Representative William B. McKinley of Illinois, manager of the Taft campaign in 1912. Telegrams were read from Charles E. Hughes and Charles W. Fairbanks, the party's presidential and vice-presidential candidates. Mr. Hughes wired from Bridgehampton, N. Y., the following:

"I wish that it were possible for me to be present tonight at the reception to Chairman Wilcox and to join in this expression of confidence and esteem; it is very gratifying constantly to receive assurance of strong support and I desire to express to Republican senators and representatives my deep appreciation of their earnest co-operation. There has been no more important campaign in our recent history and we have a rare opportunity to be of service to the country. I am glad to say that the outlook is most encouraging."

In his telegram from Mackinac Island, Wis., Mr. Fairbanks said:

"The trump of Mr. Hughes and the control of both branches of congress are the imperative needs of the country."

Chairman Wilcox was the honor guest at a dinner given before the reception by Mr. McKinley.

At the reception Chairman Wilcox declared that "if the press will give the public the truth about the incompetence, the vacillation and the weakness of the present administration the question of victory is not one that we need to think about."

"I believe the old differences in our party have nearly all disappeared and it is a pleasing fact that we are once more reunited."

Mr. Wilcox returned to New York tonight.

ITALY TERMINATES TREATY

Amsterdam, Aug. 3.—Via London —A despatch to the Handelsblad from Berlin says Italy has given notice to Germany of the termination of the German-Italian commercial treaty of 1891, which would have expired at the end of 1917.

A despatch from Paris last Tuesday quoted the Petit Parisien as saying it understood that Italy would denounce the commercial treaty with Germany, thereby leaving the way clear for a declaration of hostilities between Italy and Germany.

CARRANZA NAMES COMMISSIONERS

Will Negotiate Regarding
Questions at Issue
With United States

CABRERA HEADS BODY

Arredondo to Complete Arrangements for Conference With
Reference to Time and Place

NO INDICATIONS AS TO REPLY

MEXICO CITY, Aug. 3.—It was announced at the Mexican foreign office today that Luis Cabrera, Ygnacio Bonillas and Alberto Pani have been selected as the commissioners to negotiate regarding questions at issue between Mexico and the United States. The commission will be headed by Senor Cabrera and Juan B. Rogo will act as secretary.

It is understood that the Mexican ambassador at Washington will complete the arrangements for the conference with reference to time and place, and it is said that any place satisfactory to the United States will be satisfactory to Mexico. No indication is given by the foreign office or the first chief as to the reply to the suggestion of the United States on other questions than the withdrawal of the troops and a protocol covering the border, but the general impression among persons in close touch with governmental affairs here is that Mexico will insist that these questions be settled before other issues are discussed.

Cabrera is minister of finance. He is a lawyer and the originator of the present financial system of the country.

Ygnacio Bonillas is imminent as a mining and civil engineer. He is a graduate of the Massachusetts institute of Technology, Boston, and lived for many years in the United States.

Alberto Pani also is an engineer and is head of the national railways of Mexico.

Juan B. Rogo, secretary of the commission is a young lawyer who has been attached to the foreign office.

Believe Suggestion is Accepted.

Washington, Aug. 3.—Official announcement in Mexico City that Mexican commissioners to the conference on border problems had been selected was taken as a sign that the American suggestion for broadening the scope of subjects to be considered at the conference probably had been accepted.

While no formal comment was made at the state department in advance of official notification here, there was nothing to indicate that three commissioners named, Messrs. Cabrera, Bonillas and Pani, would not be entirely acceptable to department officials.

President Wilson has a score of men under consideration for appointment as the American representatives.

Major General Goethals has been mentioned. The other men under consideration include members of the supreme court, and men in close touch with commercial and financial conditions.

It is known that the possibility of arranging financial aid for the de facto government has been discussed. The commission's power will be only that of recommendation. Whatever plan it may propose must be ratified before it is in any way binding upon either government.

AUTOS COLLIDE; SIX HURT

Modesto, Ill., Aug. 3.—Mrs. Fred Koenig and son of St. Louis, Ra Robinson of Modesto and Mr. and Mrs. Carl Roth and daughter, Gertrude, of Springfield, Ill., were injured when the automobiles of Robinson and Roth collided on a country road near here today. Mr. and Mrs. Roth were seriously injured. Mrs. Koenig and her son are at a local hotel under the care of physicians.

Paving Material Differences.

Residents of one of the streets in
Bloomington are circulating a peti-
tion for a creosote block pavement.
It seems that there are various other
types of pavement in use in Bloom-
ington but none of the creosote
block variety and residents of the
street in question want to try it out.
They point to Minneapolis as a fine
example of the success of this pav-
ing, for that city has several hun-
dred miles of such pavement in con-
stant use. The Bloomington advoca-
tes of creosote blocks are likely to
get what they want unless they are
doing as has happened in Jackson-
ville many times during years past
—talking about materials in an ef-
fort to create a difference of opinion
which will block the proposed im-
provement.

The Name of the War.

A campaign has been started by
the national president of the Wo-
man's Relief Corps to have the Civil
war known in history as the war of
the Rebellion. Such has been the
title usually officially applied to the
great conflict, but it seems that an
organized movement was started
some time ago in the south to have
the war known as "the war between
the states." The W. R. C. women
declare that such term would be a
misnomer since only seven out of
thirty five states were involved.
When one remembers how the feel-
ing which for years separated the
north and south gradually disap-
peared, it is surprising that any dis-
cussion of this kind has arisen.
There have been many joint anni-
versaries between the Blue and the
Gray in passing years to evidence
that time has healed the earlier scars
and the great majority of the people
prefer to think of the war as "the
late unpleasantness" without special
regard to the name that history may
give the conflict. A look forward
is better than one backward at any
time.

Voting at the Front.

"How will the soldiers vote in
case they remain on the Mexican
border until next November?" is a
question which is now frequently asked.
In Kansas, Missouri and some other
states there are laws which permit
the soldier absent from his precinct
on election day to go to any poll-
ing place convenient to where he is
stationed, subscribe to an affidavit
that he is a legal voter in a specified
precinct, cast his vote and then have
it forwarded to his home precinct.
Illinois has no such law. An effort
was made to have a law passed by
the last general assembly which
would permit traveling men to cast
their vote in whatever city they
happened to be on election day, thus
avoiding the necessity in many cases
of traveling hundreds of miles at
great inconvenience in order to exert

DATES IN ILLINOIS HISTORY.

August 4, 1894—A proclamation was
issued by Governor Harrison di-
recting that an election be held to
learn the will of the settlers on
the question as to whether In-
dian Territory (including Illinois)
should advance to the second grade
of governmental organization.

their franchise rights.

Such laws for the benefit of trav-
eling men are effective in several
states and the arguments made in
favor of such legislation in Illinois
were extremely logical. In the case
of soldiers it seems even more rea-
sonable that they should not be de-
prived of the right to vote because
away on duty. In their case it seems
rank injustice to be deprived of elec-
tion privileges and certainly some
means should be found before the
November election arrives whereby
the "soldier boys" of this state, if
still serving their country in the
border camps, shall have their votes
recorded in their home state of Illi-
nois.

Public Hopes to See Strike Averted

As the work of the committee of
trainmen engaged in counting the
strike vote cast by 40,000 em-
ployees on 225 railroad systems in
the United States progresses the ser-
iousness of the question involved
grows upon the people. According to
the statement made by the com-
mittee a majority of the vote count-
ed thus far is favorable to a strike.
If the railroad managers continue to
refuse to grant the demand of the
men for an eight hour day and time
and a half for overtime.

The public is just beginning to
realize what such a strike would
mean for it would absolutely paraly-
ze business from coast to coast and
result in untold loss and suffering.
From present indications the railroad
managers and the trainmen are both
firm in the conviction that they are
"right" and the outlook is not es-
pecially bright for compromise. There
are some people who have followed
the controversy who believe that be-
fore a strike comes if the trainmen
vote in favor of one and railroad
managers do not yield, that the presi-
dent and congress will find some
way to meet the crisis.

Color is given to this theory by
the fact that a serious strike at this
time would have a large effect upon
the November elections—such an ef-
fect that the leaders of both great
parties would certainly desire to
use every endeavor to avoid a strike
condition. Should a strike come it
will mean a stubborn contest from
which the people at large must suf-
fer, and certainly every means known
to the government should be used to
avoid any such situation.

Andrew Russel for State Auditor

(Woodlawn Gazette)

One of the uncertainties of the
contest for state offices in the ap-
proaching primary there has come
to the surface an occasional develop-
ment based on something that holds
promise of stability and of certain-
ty.

In electing to hold aloof from the
scramble for the Republican guber-
natorial nomination Andrew Russel
state treasurer, followed a course
which to him seems wise, and has
chosen to seek the nomination for
state auditor. His course in relation
to the state auditorship has been
entered upon for the plain reason
that he feels himself especially fit-
ted to serve the state in that capac-
ity and, largely, because men in all
walks of life, business men, laboring
men, professional men, and men of
affairs, have brought home to him
the present need of a man of ripe
experience and of tried integrity in
the auditor's office.

With Mr. Russel seeking the nomi-
nation for this office, with his
splendid administration of the state
treasurer's office as his guarantee of
faithful performance of duty, his
nomination seems as certain as any-
thing within the range of human en-
deavor can be.

HAakon SITS ON

SHAKY THRONE.

Christiania, Aug. 3.—King Haakon
today entered upon his forty-fifth
year, but beyond the customary of-
ficial salutes and the display of
flags upon public buildings the birth-
day anniversary of his Majesty was
permitted to pass entirely unobser-
ved. The Norwegian people have out-
grown the habit of celebrating the
royal anniversary with popular festi-
vities. As a matter of strict truth,
the people pay little attention to
their King. The great war which
has involved nearly all the rest of
Europe has served to accentuate the
distance of the Norwegian people
for the institutions of royalty and
it is an open secret that in the
breasts of the masses there exists
a strong hope that at no distant date
royalty itself may be abolished.

There is no dissatisfaction with
King Haakon personally in Norway,
but the extreme Democrats who have
steadily gained in numbers and in-
fluence, aim to making the institu-
tion of monarchy useless and paving
the way for a republic. Personally,
both King Haakon and Queen
Maud are held in high esteem by the
people. Since coming to the throne
they have never made the slightest
attempt to extend the royal preroga-
tives. In fact, they have uttered
not the slightest protest against the
numerous measures of parliament
passed with a view to reducing those
prerogatives. Intimate friends of
their Majesties are of the opinion
that whenever the Norwegian peo-
ple signify their desire for a change
in the form of government, the King
and Queen will be well content to
quit their throne and return to Eng-
land for their future residence.

WILL BEGIN CHAPIN ROAD

WORK NEXT MONDAY

Grading Plans Has Been Changed
so Improvement Work Can Be
Longer in Extent—State En-
gineers Inspected Road Thursday.

The work of grading and oiling
the Chapin road will be begun ac-
tively next Monday. Fred Tarrant,
division engineer for the state high-
way commission, C. S. McArdle, as-
sistant division engineer, and J. R.
McAteer, the engineer who will have
charge of the work, inspected the
entire roadway yesterday in com-
pany with W. H. Cocking, F. J.
Blackburn, and A. E. Williamson.
It was determined that the work
will begin at the Mauvaisterre 6 1-2
miles west of the city. The engi-
neers yesterday made the statement
that it will be absolutely necessary
to close the road to traffic while the
work is in progress. The plan will
be to work out one section at a time
so that the whole distance will not
be closed to traffic at one time.

Road to be Closed Monday

Beginning Monday, therefore, the
road will be closed at the junction
point just south of Mt. Zion church.
This order is necessary because ex-
perience has shown that in a road
way is used after the grading has
been done and before the application
of oil, that the dust made seriously
interferes with the success of the
work. In one or two instances when
work of this kind has been done un-
der supervision of the state high-
way commission, traffic was per-
mitted after grading was done with
the result that the use of the freshly
graded road injured the drainage
plan and in other ways tended to
mar the whole job. Therefore in
all work the absolute order has been
to close the roadway for traffic.

Changes Made in Final Plan

As a result of a previous inspec-
tion made by Engineer Tarrant some
changes in the grading have been
made with the result that it will
be possible to extend the work to a
considerable distance beyond the ter-
minal point first announced. Changes
have also been made in the kind
of culverts to be provided at farm
entrances. The original plans called
for boxed concrete culverts and the
present plan is to have 9 inch tile
said in concrete. This will save \$700
or \$800 and the grading changes
made will bring the total available
for additional work up to \$2,500 or
\$3,000. The engineers declared that
this change will not detract from the
efficiency of the entire work and the
change will be satisfactory to county
officials and property owners as the
roadway will thus be improved for
a considerable additional distance.
One reason the engineers made the
change is because of the commis-
sion's wish to have the improvement
approach as nearly as possible to
Chapin. Very little of the state aid
road work thus far done has been
of such extent that the road has
served as a connection between a
city and a nearby town. To connect
up distant trading points is one of
the purposes of the state aid move-
ment.

Engineer McAteer in Charge

Mr. McArdle, who was here yester-
day, has been with the state com-
mission several years and was the
engineer in charge of the work done
on the Morton road, so that he met
yesterday with a number of acquaint-
ances made during his former stay
here. Mr. McAteer is experienced in
the kind of work to be done here
and has just completed supervision
of the oiled highway work in Mason
county adjoining Havana. There the
work was somewhat different as the
soil is very sandy. Where sand is
encountered it is necessary to use
a much heavier oil, one that serves
to bind the sand together. On roads
of the kind that are found in Mc-
can county a lighter oil, one with a
paraffin base, is used.

The engineers said last night that
after their talk with the contractor
that they were confident the work
could be pushed along rapidly and
the state commission will certainly
give all possible aid to have the
work done quickly and well. The
only inconvenience the public will
have will be during the time when
portions of the road will be closed
to traffic, and this little inconven-
ience will be much more than over-
balanced by the good roadway soon
to be available.

UPPER PENINSULA GOLF

TOURNEY.

Houghton, Mich., Aug. 3.—The
fifth annual tournament of the Up-
per Peninsula Golf association was
begun on the links of the Portage
Lake Golf club today under condi-
tions that promise one of the most
successful events in the history of
the association. The participants in-
clude representatives of clubs in
Marquette, Escanaba, Calumet, Iron
Mountain, Menominee, Ishpeming
and Houghton. Play will continue
thru the remainder of the week.

CHICAGO'S ANNUAL

MARKET WEEK.

Chicago, Ill., Aug. 3.—Chicago's
annual Market Week will be observ-
ed next week by manufacturers,
wholesalers, retailers, and the pub-
lic generally. As in previous years,
the Chicago Association of Com-
merce is in charge of the arrange-
ments. Thousands of visiting mer-
chants are expected to come to
Chicago during the week for busi-
ness and pleasure combined. A fea-
ture of the observance will be the
semi-annual fashion show of the
Chicago Garment Manufacturers' as-
sociation.

SPECIAL DECORATIONS PLANNED
FOR BURLINGTON W/Y CONVENTION

Secretary Weber Secures Services of Springfield Company—Business Section to be Decorated in National and Burlington Way Colors.

Carl H. Weber, secretary of the Burlington Way Good Roads association, Thursday closed a deal with the Modern Decorating company of Springfield for decorations to be employed throughout the business district, the day of the Burlington Way convention and good road demonstration Aug. 14.

The decorations will consist of the national colors and the colors of the Burlington Way, orange and white. The guy wires of the trolley lines will be hung with emblems. Special designs will be made use of and the Central Park pagoda will be resplendent with the white and orange. Large welcome banners will be placed on the trail at the entrances to the city. While in the city representatives of the decorating company will be located in the old Jacksonville National bank building on the north side of the square.

Several local firms are planning to secure the services of the company to decorate their own store fronts. The committee earnestly hopes that the movement will be a general one and that the city will be appropriately arrayed for the visitors.

SOCIAL EVENTS

Salem Ladies Aid

The Salem Ladies Aid society held the regular August meeting Thursday afternoon with Mrs. William Thompson. The regular business session was held and it was decided to have a tent at the Chautauqua. This tent will be available at all times for members and their families and all are invited to make use of it when visiting the chautauqua. Following the business session refreshments were served and a social hour enjoyed. The next meeting will be held with Misses Alice and Nettie Baker.

First Baptist Missionary Society Held Meeting.

The Missionary society of First Baptist church met with Mrs. Mary Blunt of South Prairie street Thursday afternoon. There was a good attendance of members and Mrs. Gard was the leader of the afternoon her subject being Snap Shots. All of the ladies present presented articles of a similar nature. Music was furnished by a pianograph and a solo was given by Miss Laura Hayden. After the business session a social hour was enjoyed during which refreshments were served. Mrs. Wang Cook and baby were present as special guests.

Temple Encampment.

A pleasant social hour with Victrola music and the serving of refreshments was enjoyed Thursday evening at the conclusion of work by Temple Encampment, No. 19. John Simmons and Alonzo McNeely of Nortonville were exalted to the Royal Purple degree. McClellan Sheppard of Nortonville was present and assisted in the exemplification of the ritual. The refreshments were served by wives of the Patriarchs.

For Miss Schwarberg.

A surprise party was tendered Miss Alma Schwarberg Tuesday evening by members of the Kresge club. A delightful evening was spent with music and games and dainty refreshments were served. There were present Misses Pearl Gocher, Gladys Harvey, Edith Sierz, Hazel Massey, Sabre Roaf, Josephine Steinmetz, Mary Doolin and Cecil White.

Visiting Parents.

Mr. and Mrs. John Hagel, 133 Spaulding Place, are entertaining their son, George Hagel of Chicago, and Mrs. Hagel and their daughter, Mrs. W. J. Mahoney of Joliet.

Mrs. Betrup Hostess

To Alexander W. F. M. S.
The Woman's Foreign Missionary society of Alexander M. E. church met in regular session Thursday afternoon at the home of Mrs. C. H. Betrup. Mrs. Luther Wiley was leader and "New Books on Missions" was the general theme. Mrs. Margaret Colwell lead the devotional service. "Missionary Books I have Read this Year" was the roll call topic. Mrs. J. O. Lehman, wife of the pastor will entertain the society for the next meeting, the fourth Thursday in August.

A plan for holiday preparation was broached to the society. It has been suggested that a "Christmas Thimble Party" be made a feature of each meeting.

Hundreds of Dentists

Long before SENRECO was offered to you we submitted it to hundreds of dentists, requesting that they put it to every test. Told them that we believed Senreco to be an unusually good dentifrice, especially as to its cleansing qualities and its remedial action on sore, soft, bleeding gums, in the treatment of Pyorrhea, etc. Submitted the formula and asked them their opinion. They tested Senreco from every angle; some going even so far as to make a chemical analysis—

And They Voted Yes

With practically one accord—said:

"Senreco appeals to me more than any dentifrice I have ever seen." "I cannot say too much for Senreco. It's one of the best I have used." "I can commend Senreco as the best." "Makes the teeth glisten and is free from injurious ingredients, including pumice and grit." "I am indeed glad to get a good paste that does the work." "Congratulations to you on formulating a dentifrice that gives one a new idea of mouth cleanliness, etc." (These quotations are from the dentists' reports. Originals on file at our office.)

With such endorsements from the men who know why not go to your dealer today and get a tube of SENRECO—25c. Keep your teeth REALLY CLEAN, and protect yourself against Pyorrhea and decay.

A copy of the folder, "The Most General Disease in the World" together with a liberal trial size tube of SENRECO will be mailed you for 4c in stamps. The Santal Remedies Co., Inc. Dept. B. Masonic Temple, Cincinnati, Ohio.

PROGRESSIVES ADOPT PLANS FOR RE-ORGANIZATION OF PARTY

Decide It Would be Impracticable to Reassemble Convention to Name Candidate for President.

Indianapolis, Aug. 3.—Plans for re-organization and perpetuation of the Progressive party were adopted tonight at a conference of Bull Moose representatives. The conference decided it would be impracticable at this late date to reassemble the Progressive national convention and fill the vacancy on the national ticket caused by Theodore Roosevelt's declination of the nomination for president. Instead the organization will put up an electoral ticket in every state where there is the nucleus of a party left, bearing the name of John M. Parker of Louisiana, nominee for vice-president in the hope of perhaps electing enough presidential electors who might prove the balance of power in the event of a close contest between the two parties.

Among the states in which this plan will be carried out are: Louisiana, Maryland, Indiana, Missouri, Wisconsin, Michigan, Utah, North Dakota and Minnesota.

J. A. H. Hopkins of New Jersey, was chosen treasurer of the rehabilitated Bull Moose party, and Matthew Hale of Massachusetts vice-chairman of the national committee will be in active charge of the campaign. An executive committee of fifteen members will be named by vice-chairman Hale to co-operate with the fifteen members of the national committee who refused to vote for the endorsement of Charles E. Hughes at Chicago June 26, in rehabilitating the party. This committee will meet after the November elections to formulate plans which may include some kind of an amalgamation with the Prohibition, Socialist and woman's party.

Edwin M. Lee of Indiana, A. D. Norton of Missouri, Bainbridge Colby of New York, C. F. Hoffman of Michigan, Harold Moise of Louisiana and C. McClure of Georgia, were named members of the executive committee. The other members will be announced by Vice-Chairman Hale in a few weeks.

FINE SUPPER WAS SERVED AT GRACE CHAPEL CHICKEN FRY

More Than Hundred Dollars Taken In, in Spite of Threatening Weather Conditions—The Committee.

The rain which touched northern Morgan county in several localities Thursday afternoon interfered but little with the success of the annual Grace Chapel chicken fry. The crowd was good from the beginning of serving and toward the close of the evening it was reported that the proceeds totalled more than a hundred dollars.

A special quilt, made by the Grace Chapel Willing Workers was sold, Paul Samuel acting as auctioneer and E. E. Crabtree purchasing the quilt for twelve dollars.

Following are the committees: Managers of Tables—Mrs. Harry Ogle, Mrs. John Allen, Mrs. Thomas Parlier, Mrs. Wall Mason, Mrs. Harry Brainer and Miss Alma Ogle. Overseers—Miss Alma Smith and Mrs. Walter Housen. Chicken friers—Mr. Elmer Smith and Howard McFadden. Fish Frier—Mrs. Walter Housen. Potato and Gravy Cook—Mrs. Henry Brainer. Cake Cutters—Mrs. Henry Rex-roat and Mrs. John Goodpasture. Bread Cutters—Mrs. James Smith and Mrs. Charles Laughry. Ice Cream—Lloyd Ogle, Austin Smith and Charles Brainer. Soliciting Committee—Mrs. Harry Brainer, Miss Ogle and Mrs. Pearl Smith. Cashiers—Chester Brainer and Elmer Smith.

SEEK LAW TO EMPOWER SOME BODY TO SETTLE DISPUTES

CHICAGO, Aug. 3.—A national campaign among all railway employees not comprised in the four brotherhoods who are voting on a strike was started today to obtain from congress a law to empower some body to settle all disputes as to wages between railroads and employees.

R. T. Frazier of Nashville, Tenn., chairman of a committee of railway employees, outside the four brotherhoods, said petitions for such legislation had been signed by a majority of men employed on some southern roads and that the movement would be made national in scope.

The committee contends that 80 percent of railroad employees are not included among the trainmen. These men include construction, repair, shop, office and operating department employees. Their wages are said to be much smaller than those of the trainmen, and a strike would throw many of them out of work and reduce their chances for an increase, especially if the trainmen gained an increase it is contended by the committee.

APPEAL FOR LABORERS

Danville, Ill., Aug. 3.—An appeal was received from the manager of a circus which showed at Kentland, Ind., today for laborers. Forty of the circus hands quit when the show was here Wednesday to work on the road pavement projects, and when the show reached Kentland it was besieged by farmers offering \$3 a day for harvest hands with the result that about fifty more quit, and the circus was so short handed it was forced to call upon performers and bosses to help raise the tents.

Smaller circuses have been forced to quit business in this vicinity owing to the shortage of laborers who are offered high wages by farmers.

The First Illinois Cavalry camped near Brownsville, was energetically strengthening levees around its grounds.

SECRET OF A MOTHER BIRD.

How Does the Chimney Swift Get Her Brood Up the Flue?

In the autumn chimney swift nests often made the chimney smoke, and they had to be fished out or knocked down by lowering a pine branch on a rope from the roof.

Once upon a time, of course, these hollows built in hollow trees. But a pair of them, flying over Plymouth in 1621, spied something which looked like a new kind of tree, and the breed was on its way to a new procedure.

Possibly the fact that chimneys are safer from squirrels, coons, owls and other possible enemies was a factor in determining the change. Then, too, it is undoubtedly easier to find chimneys today than hollow trees. I well remember, as a boy, hearing a noise in one of our chimneys and pulling out the stovepipe hole cap in my chamber. There, directly opposite the opening, perched on a protruding brick, a swift was building a nest of sticks.

I watched the whole process, fascinated by the sticky mudlage which the bird secreted in her salivary glands to fasten the sticks together, and after the mother was sitting gradually got her so tame—or, rather, sufficiently subdued her wildness—that she would remain occasionally on the nest when the cap was removed. My great desire was to see how she got the young birds up the chimney after they were large enough to leave the nest, but, alas, that feat was accomplished one day when I wasn't looking! I felt certain then that she must have carried them up in her bill, though I was laughed at for my belief.

Has any one observed a chimney swift getting her young up the flue? Curiously enough, I myself have never had another chance to watch.—Walter Prichard Eaton in Harper's Magazine.

HOME IN ITS TRUE SENSE.

Each Must Help to Make it, but One Alone Can Mar It.

To say of the home which marriage ought to create that it is "a man's kingdom, a child's paradise and a woman's world" is to blur its meaning.

The home is no one's kingdom, no one's paradise, no one's world. The only kingdom it resembles is the kingdom of heaven, because it is within you. Home is dependent for its reality—and its reality is as deep as anything we know—upon a condition of spirit.

This indeed is embodied or at least shadowed forth in this or that physical symbol—the sheltering roof, the fireplace, the common table—but it is dependent on no one of these.

For Omar the symbol was the loaf, the jug and the book; for Delmore and Naisi it was the tent "as tidy as a beehive or a Innets' nest," or the open sky "among the snipe and plover."

Home means love and companionship and mutual dependence, the spirit of common service and of common loyalty. It may be achieved by a husband and wife or by a family or by two friends or even by a single person who has the home feeling toward the world without.

To say that it is the woman's hardest task to make the home is to miss its most exquisite meaning. No one of the group can make the home, though any one can mar it. It must be made by all for the uses of all—Atlantic Monthly.

When Young Men and Old Soldiers Met in 1840

(By Isabel Jamison, for State Historical Society.)

(Final Installment)
Cotton Hill came with a monster log cabin of cottonwood logs, in the most approved style of pioneer architecture, drawn by twenty six yoke of oxen. In the rear of the cabin was a tree of sufficient size to support several men, while eighty men were gathered in, upon and around the cabin itself. The Sugar Creek delegation followed with a banner inscribed: "Sugar Creek will do her duty."

Two hundred Irishmen selected from the Sangamon and Morgan county delegates, carrying green streamers, excited great enthusiasm.

The old soldiers were a remarkable feature of the procession. There were the eyes, now growing dim, that had beheld the redcoats fall at New Orleans; ears that had listened to the warwhoop of the Indian allies at Maumee, Fort Meigs and Tippecanoe; fingers that had pressed the triggers at the Thames, Monmouth and Stony Point; and feet, steady then, but all too faltering now, that had followed Washington over the frost and snow and floating ice, to capture the Hessians at Trenton. Every battlefield from New Orleans back to the revolution was represented.

The enthusiasm along the line of march was indescribable. The roar of fifteen thousand voices, the swaying banners, fluttering handkerchiefs of the spectators, the thud of hoofs of the music of the bands, the gayly uniformed marshals, on their prancing horses, all aided in creating a scene that even the wildest imagination (probably the one owned by editor Francis) had surely never anticipated as likely to be staged in the little prairie town of Springfield. Moses, describing the event in his history, estimates the crowd at 20,000 people, altho the State Register people could see but about 3,000, and the Sangamo Journal was satisfied with the claim of 12,000 in the line of march. The procession was two and one-half miles in length, embracing 1,463 sections of six individuals abreast, besides a long line of carriages, horsemen, men in canoes, log cabins and other floats.

Before countermarching on Sixth street, the detachments passed in review before the Sangamon county delegation, drawn up in line to receive them. After the procession had passed, Sangamon county wheeled into line in the rear. The line of march continued on Sixth to Adams, Adams to Fifth, Fifth to Jefferson, Jefferson to Second, Second to Madison, Madison to Fifth and thence to Houghan's park, just south of the present Edwards place, where the barbecue was in readiness. The park was reached about 1 p. m., and the tables were loaded with plain, substantial, log cabin fare, to which a crowd of 15,000 people did ample justice. No wines or spirituous liquors were allowed at the barbecue. Awnings and seats had been prepared at the park for the ladies.

After the multitude had been fed, they collected in groups and were addressed by Mr. Hogan, of Alton, Mr. Brigham, of Massachusetts, Judge Todd, of Missouri, Mr. May, of Sangamon, Mr. Hardin of Morgan, Mr. Morrison, of Kaskaskia, and Messrs. Webster, Hawley and Coffin of LaSalle. The speaking was concluded at 6 o'clock p. m., and the people returned to town.

The home of Dr. Houghan (now known as Edwards Place) was thrown open to the ladies at the barbecue, and the space in front of his piazza was occupied by a large crowd which was addressed by talented young citizens of the north and south parts of the state. Mrs. Smith, the mother of Dr. Todd, a lady nearing

her eightieth birthday, was present and was introduced to the people as the early friend and guardian of General William Henry Harrison. When she arose and stood before the crowd every heart thrilled in unison with the pride she felt in the honor paid to the child that had grown to manhood under her protection and guidance.

In the evening, the convention re-assembled at the pavilion on the camp ground, Hon. A. M. Jenkins presiding. Mr. Stuart, of Cook, Mr. Chambers, of St. Louis, Judge Huntington, of Indiana, Mr. Bond, of Clinton, and Mr. Hogan, of Madison county delivered speeches of great power.

Mr. Hardin, of Morgan county, offered a set of resolutions, which were adopted with enthusiasm, thanking the citizens of Springfield and Sangamon county for their kind hospitality, and the ladies in particular for the spirit and enthusiasm they had shown. Mr. Hogan, of Madison, offered a resolution, thanking Hon. A. M. Jenkins for the acceptable manner in which he had presided over the meetings, and after the adoption of this resolution, the convention adjourned sine die.

On the morning of June 5, after the tents of the Chicago delegation had been struck, it marched in procession with banners flying, to the music of the band, thru the streets of the town, to the office of the Sangamo Journal. Here, Mr. Stuart, of the Chicago American, made a happy address in behalf of the Cook county delegation, in which he presented to the Sangamon county Whigs the brig brought down from Chicago, as typical of the ship of state, which they were willing to intrust to the keeping of the latter.

After the applause had ceased, Mr. Baker, on behalf of the citizens of Sangamon county, presented to the Cook county delegation a large gray eagle, as typical of the young republic. While Mr. Baker was describing the broad flight of the noble bird when he should be released from his cage by the election of General Harrison, the eagle, either in anticipation of that joyful event or because his bearer pilled his tail feathers, reared his head and gave a resounding squawk, that was followed by a burst of applause from the assembled crowd.

Many of the delegations spent the following Sunday in camp on their homeward way, while others did not start until Monday morning. Like many other political meetings, the greatest benefit to the party was not secured in the open and formal work of the convention, but rather in the secret conferences, the private exchange of ideas and information, and the personal acquaintance of leaders and lieutenants, which resulted from this assemblage of the brightest minds of the Whig party in Illinois. The firmer organization and closer relationship coveted by the leaders had been effected, and they separated with a firmer faith that victory would crown the efforts of the Whig party to seat their log cabin candidate in the presidential chair.

As for the local politicians, they felt assured that Sangamon county had set a high water mark in the entertainment of crowds that would stand for many a year. In fact, it is very doubtful whether any town of 2,500 inhabitants ever carried a more stupendous undertaking to such a successful finish, and when Springfield is counting up her honors as a convention town, she should not forget to brush the dust of years from her well-earned, if slightly passe, laurels of 1840.

QUESTIONS ON THE SUNDAY SCHOOL LESSON.

By Rev. T. S. Linscott, D. D.

8. Verse 3. Would you say that some people give liberally, and suffer inconvenience, who have no love in their hearts, and if so, what is it prompts them to these acts?

9. If a man gives when it can be seen, and does not give when it cannot be seen, is there any love in his heart, or any real merit in his charity? Why?

10. Should the church refuse to accept money for the Gospel, or for charity, from those who clearly give to be seen of men? Why?

11. What benefit, or what injury, do those who give without love, but to be seen of men, reap?

12. How can you conceive of a man giving his body to be burned for his religion, with an impure motive, or without love in his heart?

13. What is the only thing which recommends us to God in and of itself?

14. Verses 4-7. What proof can you give that love is long suffering and kind?

15. If we really love a person will we ever speak of him to his injury, no matter what the provocation may be?

16. What is it in love, which tends to patience, politeness, kindness, gentleness and humility?

17. May a person be controlled by love, and be envious at the same time, and if not, why not?

18. Why does love always make a man think of "the other fellow" before himself?

19. Verses 8-13. Can despondency, or doubt, or depression, or hopelessness, or any other bad feeling, occupy the heart that is filled with love?

20. What will be the relative values or uses in heaven of faith, hope, eloquence, knowledge, love? (This is one of the questions which may be answered in the writings by members of the club.)

21. What is really the sum total of all things, or that which sums up in itself all the blessedness, nobility, and happiness, that the mind can conceive, or the heart crave, and why is it so?

MURDER OF MRS. M'DANIEL REMAINS A MYSTERY

St. Joseph, Mo., Police Thus Far
Have No Clue to Identity of Persons Who Brutally Killed Prosecuting Attorney's Wife.

St. Joseph, Mo., Aug. 2.—With little prospect of the development of any new facts of an important nature, the coroner's jury reconvened today to make another attempt to throw light on the sensational murder of Mrs. Oscar D. McDaniel, wife of the prosecuting attorney of this county. Friends and neighbors of the slain woman, together with other persons who might possibly be able to throw some light on the case are to be quizzed again in an effort to unearth some clue that might put the authorities on the track of the assassin or assassins.

Slain on Friday night, July 14, Mrs. McDaniel's body was found, clutched almost beyond recognition, in the bedroom of the McDaniel home in the heart of the city. The authorities still hold to the belief that the murder of the woman and the attempted assassination of her husband were due to a deep seated enmity toward McDaniel, planned long in advance and so carefully that the numerous investigators at work on the case have failed to find any clue.

The theory has been advanced that the murder was only one step in a plot for wholesale jail delivery and revenge upon the prosecuting attorney. The threatening letter received by McDaniel about two weeks before the crime, and the later discovery of a kit of tools which could be used for a jail break, are cited in support of this theory. On the other hand, it is pointed out that there was no actual attempt at jail delivery and that if such a thing had been planned the carrying out of the plans would have been sufficient to occupy the time and attention of the plotters without adding the complications of an outside murder.

Three weeks have passed and so far as is known not a tangible clue has been brought to the surface, not a suspect is being watched, and the authorities apparently are at an entire loss as to what trail to follow. Immediately after the discovery of the crime a dozen or more persons were taken into custody on suspicion, but all were released when investigation failed to show any grounds for connecting them with the murder.

The authorities have found nothing in the personal lives of the dead woman or her husband that would point to the possibility of a personal enemy. The investigators, therefore, have been forced to fall back on the theory that the murder was committed by some person or persons whose enmity Mr. McDaniel had incurred in his official capacity

of prosecuting attorney. The deepest probe, along this line, however, has failed to bring to the surface any facts that might lead to a solution of the mystery. An exhaustive investigation has been made of the movements of all persons who might be supposed to bear a grudge against the prosecuting attorney as a result of his official activities. Every suspected person has been able to give a satisfactory account of his movements and whereabouts on the night of the crime. And there the case rests, with the authorities apparently facing a blind wall.

The only fact clearly established in connection with the murder is that it was not the work of burglars discovered at their work and forced to slay in order to escape capture. Everything connected with the case tends to establish the fact that the crime was carefully planned and as carefully carried out.

A telephone call, which summoned Mr. McDaniel down town on the night of the murder and which, on investigation proved to have been faked, offered opportunity for entering the house unguarded. As McDaniel was driving home and stepped from his car to open his garage door, a shot was fired at him from around the corner of the building. McDaniel, who had carried a gun since he began receiving threatening letters some time back, returned the fire, shooting at the flashes. Each shot five times, when his unknown enemy disappeared in the darkness. Rushing into the house and upstairs McDaniel found his wife with her head terribly crushed and her body beaten almost to a pulp. Two children were found asleep in an adjoining room, not having been awakened by the fusillade under the window, or the murderous attack on their mother.

MINIMUM WAGE FOR WOMEN.

Boston, Mass., Aug. 3.—Manufacturers of women's clothing and representatives of their employees appeared before the Massachusetts minimum wage commission today to give their views on the proposed adoption of a minimum wage scale for all women employed in the industry in this State. After an exhaustive investigation of conditions, a sub-committee of the State has unanimously recommended that experienced adult women employed in Massachusetts women's clothing factories be paid not less than \$8.75 for a full week's work and that inexperienced women receive not less than \$6 a week and girls not less than \$4. The new minimum wage, if adopted, will be put into effect Feb. 1, 1917.

Misses Inez Prather and Edna Cook, of the Passavant hospital training school, are enjoying their vacation. They will visit Chicago and Detroit before returning to the hospital.

BILLY DALE WINS \$2,000 BURDICK HOTEL PURSE

Cox Horse Favorite in Feature Event
—Helen Worthy Takes 2:16 Trot
and Zombro Clay the 2:20 Trot.

Kalamazoo, Mich., Aug. 3.—Billy
Dale, beautifully handled by Burdick
Hotel purse of \$2,000 for 2:09 pac-
ers in straight heats. The Cox horse
was favorite in the feature event of
the afternoon's Grand Circuit races
and was heavily played in the auc-
tions.

The 2:16 trot went into four
heats. Baby Doll captured the first
mile easily. Then Tommy Murphy
took the next three with Helen
Worthy. The 2:20 trot was also a
four heat race with Sombro Clay
favorite, winning the first, third and
fourth. Sister Strong took the sec-
ond. The local meeting will close
tomorrow with four races billed.

Great Western Races

Peoria, Ill., Aug. 3.—Baroness Parme-
lia was closely pushed by Sore
Mike for first place in the 2:15 trot
at the third day's session of the
Great Western races here today. Cap-
tain Hair at Law won the 2:15 pace
in straight heats after scoring sec-
ond in the first heat. Shipmaster
got away badly in the free-for-all
pace and after coming in fourth in
both the first and second heats, set-
tled down and landed the next three
firsts, winning the race. A drizz-
ling rain started after the first heat
of the three races had been run and
the time afterwards was considerably
slower. The three year old trot
scheduled for today was called off
on account of the heavy track.

BALL GAME AT NORTONVILLE A CLOSE CONTEST

Home Team Batted Out a Victory
in Final Inning.

In the ball game played between
Nortonville and Franklin on the
grounds of the former Wednesday the
final score was 2 to 1 in favor of
Nortonville. It was a clean game
throughout, one which the large crowd
found interesting from the start to
finish. Franklin scored in the sec-
ond inning and the score stood 1 to
0 in favor of Franklin until the last
of the ninth, when Nortonville
scored two runs on two singles by
Whight and Ruble and a muff of
Shelton's fly by Shirley in left field.
Ora Fanning was in the pitcher's
box for Nortonville and that he did
excellent work is shown by the fact
that he struck out nine Franklin men
and allowed them only five hits.
Gotschall was on the mound for
Franklin and held Nortonville with-
out hits until the eighth inning. He
struck out fourteen Nortonville play-
ers and allowed a total of four hits.
The Franklin players claimed that
the Wrights and Fannings team the
appearance of the famous Murray-
ville Ramblers. Be that as it may
it was one of the best games ever
seen on the Nortonville diamond.

SOME FARM THEMES.

The Hessian Fly Appears.

Farmers say that there are some indications of the Hessian fly this year and for that reason there may be some general effort made to have the crop planted late. It has long been recognized that the greatest damage done by the fly is in the early planted wheat and the farmer who plants later has a better chance of "getting by" without Hessian fly loss. On the other hand it is recognized that wheat planted early is in more hardy condition to stand the winter weather, if that happens to be severe. So the farmer must choose between these two courses, the one which he thinks will be to his own special advantage.

John W. Groves said yesterday that he had evidence of Hessian fly in a number of places in the county. At this season of the year the fly is more apt to be found in volunteer wheat than anywhere else and Mr. Groves says that if special care is taken to plow under this wheat and plow it deep that the fly will be killed. Certain agricultural implement houses also put out a special implement which can be used for the purpose of turning under the volunteer wheat. Farmers for their own benefit and the general good should use every effort to fight the fly at this season of the year for it depends upon the kind of a fight made now what the damage will be next spring. The fly, aside from living in the volunteer wheat, is found also in overgrown fence corners, so that the farmer who keeps his fence rows and corners free from weeds, bushes and old grass is in better shape to escape fly damage than the farmer who is careless about these things.

Grain for Dairy Cow on Pasture.

The question of how much grain to feed when pastures get short involves the vital question of proper concentrate allowance under any pasture conditions. Practice varies, but it is a common procedure to feed no grain when grass is abundant, and in too many instances even when the grass becomes scant. Investigation shows that cows often make no immediate return for concentrates fed when pastures are good. In some instances, cows so fed gave unmistakably larger milk yields the following winter. Young growing stock and heavy-milking, pregnant cows will repay moderate grain feeding, even on excellent pasture. On poor pasture, an allowance of from 3 to 8 pounds of concentrates in connection with silage or sorghum, or both, will give immediate returns in addition to guaranteeing a much better milk yield the following winter. The effect of feeding grain in connection with pasture seems to be cumulative and residual; the safest rule is to give the cow all the roughage—pasture, together with silage or sorghum during drought—that she will eat, and some grain—from a very little up to, but seldom more than eight pounds per day. This concentrate allowance is low, lower than is being fed on a great many dairy farms. But it will be found ample to keep the digestible nutrients up to requirements, if only high-grade roughages are fed.

There is too little profit left for the dairyman, in many instances, after the expenses of production have been met. Usually it is the cost of feeding that cuts the profit. The solution lies not in feeding less, but rather in growing maximum crops of the best roughages, and in addition, as much of the concentrates as possible. Avoid all possible shrinkage in milk flow caused by flies and poor pasture, by careful management and careful feeding. W. E. J., in The Farmers' Review, Chicago.

Management Counts.

Several Farm Bureau members asked me how it happened that some men made two or three times more last year than other men on the same sized farms. It was mainly a matter of management. The man who made the largest labor income does not have quite so good a farm as some of the others of the fifty farmers whose records were taken near Washington. He keeps no pure bred stock, so there is nothing to give him a special advantage over his neighbors. He is a hard worker and pays close attention to his business and keeps accurate accounts. It was not on any one thing, but on his farming business as a whole that he came out ahead. He raised good crops, his cattle and hogs made money, he handled a large number of acres for each man employed and a large number of acres for each horse. He kept only enough horses to cultivate his corn crop and those horses did all his other work. He had some alfalfa hay and this not only added to his income but lowered the cost of feeding his stock. The consequence was that he bought little and sold much (taking the farm as a whole). He has a good head and he believes in using it to plan his business so as to make it profitable. He is a comparatively young man.

Meetings at the County Fair. Several meetings of farmers have been arranged to be held at Delavan during the County Fair, September 5-8. Besides the Percheron Breeders meeting which has been announced with D. O. Thompson as speaker, there will be a meeting of the Reid's Yellow Dent Seed Corn Society and Dr. H. L. Smith, Urbana, Illinois, will speak. Dr. Smith is recognized as the greatest authority in Illinois on plant breeding problems. He has devoted his life time to this work. He has probably done more than any other man in the world to breed corn so as to produce any kind of characteristic in the crop which he desires. His test plots at Champaign show remarkable changes

which he has produced in corn, all starting from one foundation. The most useful of these variations perhaps is the strain of corn which he has developed with a very high content of oil and another strain with a very high content of protein. Dr. Smith is familiar with all the methods employed in corn breeding and the breeding of other farm crops all over the country and will give us a talk of the greatest value to corn breeders here. This corn breeders' meeting will be held on Friday, September 8th.

On Thursday, September 7th there will be a program of interest to dairymen, consisting principally of an address on "Farm Dairying" by E. M. Clark, also of the experiment station at Urbana. Mr. Clark has charge of the college extension work in dairying and can give farmers in Tazewell County pointers on handling their milk cows to best advantage.—E. T. Robbins, Tazewell County Agricultural Agent.

REAL WILD WEST

Carl Hagbeck-Wallace Circus Offers Three Score Champion Cowboys and Cowgirls from the Far Western Plains.

One of the genuine novelties offered by the Carl Hagbeck-Wallace Circus this season is its genuine and historically correct Wild West and Cheyenne Frontier exhibition, participated in by sixty cowboys and cowgirls from the Far West. When the parents of the present generation were boys and girls there lived on the Western plains a great body of hardy heroes who acted as guardians over herds of cattle that roamed over the trackless plains. The cowboys are fast disappearing before the wake of the settling and cultivation of the Western plains.

When the Carl Hagbeck-Wallace Circus exhibits in Jacksonville on Wednesday, August 16, a real wild West show will be staged among the numbers. Assembled for this exhibition are the champion ropers, broncho busters, cowboys and cowgirls from Montana, Wyoming, Idaho, Texas, Oklahoma and far Western Canada. They represent the experts among the different lines exploited by the cowboy in his work and pastime. The "Pony Express," illustrating how the U. S. Mail was delivered in the West before the advent of the railroad, will be one of the interesting exhibitions. In this the rider dismounts from his horse while the animal is running at full speed; runs and mounts a fresher horse. The animal is trained to dash away at full speed without any delay to the rider and the mail. Trick riding follows, introducing Chester Byers, acknowledged by all Western frontier exhibitions to be the greatest cowboy of this generation. Mr. Byers holds medals from the Pendleton (Ore.) Round-Up, the Cheyenne (Wyo.) Frontier Exhibition, the Calgary (Alberta) Wild West Exhibition and the Walla Walla (Wash.) Plainsmen's Exhibition. At every performance Mr. Byers rides a silver-mounted and diamond studded \$10,000 saddle, a prize won last year at the Pendleton Round-Up. While fresh bucking horses are continually used in the wild West exhibitions, yet all owners of bad and outlaw horses are invited to bring them to town circus day that they may be ridden by the Hagbeck-Wallace champion cowboys and cowgirls. The wilder the horses are, the better they are liked by the wild West performers.

The Carl Hagbeck-Wallace Shows travel this season aboard three special trains, the longest ever used to transport a circus organization. There are in the neighborhood of 1,000 people traveling along with the show, in addition to 88 advance men. Six hundred draft horses, 125 head of fleet footed ring stock, 400 trained wild animals and three herds of elephants are a part of the great organization. Twenty-two tents, which cover fourteen acres of ground, are used to house the show in the daytime.

The doors of the Carl Hagbeck-Wallace zoological paradise are opened daily at 1 and 7 p. m. An operatic concert by Prof. Fred Jewell's band of 45 soloists lasts thirty minutes and precedes the performances, which begin at 2 and 8 p. m. A three-mile-long gala, golden street parade will be seen at 10 a. m. on the day of the exhibition.

ATTORNEY GENERAL TELLS ABOUT WOMEN'S RIGHT TO VOTE

Mr. Lucey Answers Questions Often Propounded—Gives List of Officers.

Altho the law by which suffrage was granted to women in Illinois with reference to voting for certain offices has been published repeatedly, a great many inquiries have been received by Attorney General P. J. Lucey concerning the officers for which women may vote at the election this fall. The attorney general, in order to answer these inquiries, has compiled a list of the offices referred to and has issued in pamphlet form as an answer to the many questions received. The statement by the attorney general is as follows:

The attorney general's pamphlet says women may vote for the following:

State—Electors of president and vice president of the United States; trustees for the University of Illinois.

District—Members of state board of equalization; trustees of sanitary district, including president.

County—County surveyor; members of board of assessors; members of the board of review.

Township—Supervisors; assistant supervisors; town clerk; assessor; collector; highway commissioner; pound master or other officer elected at town meeting.

City—Mayor; alderman; city clerk; city treasurer; city attorney; mayor and commissioners in cities which have adopted the commission form.

Where the following offices are created by ordinance and the manner of filling them is provided to be by election, women may vote:

City collector; marshal; superintendent of streets; corporation counsel; comptroller; library directors.

Village—Village clerk; members of board of trustees; library directors.

Schools—School directors in school districts; president and members of board of education; school trustees in townships; members of township high school board of education.

All Statutory Questions.

According to the Illinois law, women may vote on every question or proposition submitted to a vote of the electors of any city, village, town or other political division of the state which is submitted under statutory provision and not under a constitutional provision.

Women may not vote on any proposition submitted to vote under any constitutional amendment, nor on any proposition submitted to voters who are not electors of any organized city, village or town or other political division of the state.

To Be Qualified.

To be a qualified voter a woman must be a citizen of the United States, 21 years old, must have resided in the state one year, in the county 90 days and 30 days in the election district in which she desires to vote.

Foreign born women whose parents have become naturalized before such women reach majority, are citizens of the United States.

A woman born in the United States of foreign parents, regardless of whether either of her parents are naturalized, is a citizen, unless such parents were in the United States only temporarily.

A woman citizen of the United States who marries an alien thereby forfeits her citizenship whether such alien is a resident of the United States or not.

When registration is required women must register in the same manner as men. In registering, a woman should state her Christian name. For example: Mary Smith, and not Mrs. John Smith. She should state her exact age in number of years.

The law provides that special ballot boxes and special ballots shall be provided for women, the ballots to contain the names of those candidates for whom women may vote.

TERRENCE BRENNAN SUFFERS BURNS ON RIGHT HAND

As the result of an explosion of gas in a tinner's fire pot Terrence J. Brennan was badly burned Thursday. Mr. Brennan as engaged in placing downfalls on the new residence being erected by Dr. Charles Hopper on Grove street. He removed the top of the fire pot to get more draft when the gas exploded. Mr. Brennan's trousers caught fire from the explosion and he beat out the flames with his right hand. No one was present at the time and he had to resort to water which some plasterers had in a barrel nearby before he succeeded in extinguishing the blaze. The trousers were badly burned on both legs and Mr. Brennan considers himself fortunate that there were no more serious results.

STATE NEWS NOTES

Dr. Zellar Withdraws as Congressional Candidate—Dr. George A. Zellar, member of the state board of administration, has withdrawn from the race as a candidate for congress. Dr. Zellar made a campaign two years ago but with three men in the field was defeated. In a letter just published he states to his political friends that because of his duties on the board of administration that he has determined to withdraw from the contest at this time.

Toulon Attorney is Paroled—A. F. Miller, an attorney of Toulon, convicted of embezzlement and sent to the penitentiary at Joliet, has been paroled and is again with his family. Mr. Miller is sixty seven years old and it was partially on account of his age that the pardon board granted his early release. He was serving as a special master in chancery in a partition suit and withheld part of the proceeds of a sale of property made under the partition decree. Subsequent developments revealed that this embezzlement was only one of several of which he had been guilty.

Finds Valuable Pearl—Myron Stephens, a Jackson county farmer, recently found a pearl valued at several hundred dollars. Stephens was digging mussel shells in a creek when he found the pearl, which is of large size and fine quality.

Tazewell County's Mathematical Prodigy—William Stong is a mathematical prodigy whose home is in Tazewell county. Strong is twenty eight years of age and has been able to solve any problem in arithmetic thus far given him with marvelous rapidity. People have come long distances to test his ability. One of the favorite questions asked him is the number of seconds in a lifetime, calculating from some given birth date. Recently he was asked how many seconds in a life dating from January 26, 1873, and in just about a minute's time came the reply, 15,783 days, 378,393 hours, 22,703,539 minutes and 1,362,200,000 seconds. This is just a sample of the prodigy's mathematical work.

Centralla Lad Disappears; Mother Prostrated—Harry Sharp, sixteen years old, disappeared from Centralla July 10th, after starting to work at the American shoe heel factory in that city. Instead of going to the factory he caught a freight train to St. Louis and then went Chicago. That is as far as he has been traced and the boy's mother is on the verge of nervous prostration because of inability to hear from him.

Danville Has Good Sanitation Record—Danville has had a number of successful cleanup campaigns extending over recent years and to that cause the health commissioner there attributes the city's remarkable freedom from epidemics. For a city of its size the record of the past few months has been unusual as even during the extreme hot weather the city was practically free from all contagious disease.

Lee County Sheriff Sues Jurors—An unusual suit has been filed in Lee county, where the sheriff is seeking to compel members of a jury to refund expense money. A jury made an inspection of a drainage district and the sheriff advanced two jurors about \$300 for expense money with the understanding that it would be returned if not refunded by the county or the district. The county and the drainage commissioners have been advised that they do not have the right to pay money from funds on hand. Now the sheriff is seeking repayment from the jurors.

Only \$1 Puts This New Hoosier
In Your Home on the Famous Hoosier Plan

Prices Will Advance When this Allotment Is Gone.

Before the coming prices take effect, you may choose between the new "Hoosier Wonder" pictured here or one of the other celebrated Hoosiers—"Hoosier Beauty," "Hoosier Special" or "Hoosier De Luxe."

Hinged Door
"Hoosier Wonder," Advertised
in leading Magazines

The terms of this Hoosier Plan in our store are these:

1. \$1 puts the cabinet you choose in your home.
2. \$1 weekly quickly pays for it.
3. The low Cash Price fixed by the factory prevails strictly.
4. No interest. No extra fees.
5. This sale is conducted under the direct supervision of the Hoosier Company.

Only by grasping this opportunity at once can you be sure of getting your cabinet on the Hoosier Plan—and at the present low prices.

You realize of course that these terms could not be offered except on a very limited number of cabinets.

WHY PRICES MUST BE INCREASED.

50,000 cabinets—the entire spring output of the Hoosier factory—were sold in six weeks after they announced their new models. In some

cities women have been unable for several months to get this most popular style.

Now the factory has made up 20,000 more for July and August sales. The next lot, after these are gone, must be sold at higher prices. This is due to the increased cost of all raw material entering into their manufacture.

OUR SALE MAY CLOSE ANY DAY

If all the women who need the Hoosier should come for it tomorrow, our full allotment of Hoosier Cabinets would be taken before night and the sale would close. This happened in some towns during a similar sale two years ago. Yet, if women delay, the sale may last a week or more. But which now is best for you—to take chances and miss this opportunity, or come to our store tomorrow so you can find out about this cabinet and decide before too late?

FIRST CONCERT IN SERIES NEXT SUNDAY EVENING

Jeffries Band Will Play at Nichols Park at 8 o'clock—Two Concerts in September

Jeffries Concert Band will open a series of four concerts, at Nichols Park, Sunday, August 6th. Secretary Rodgers of the Chamber of Commerce has made arrangements with the J. Ry. & L. Company and Cosgriff Bros. for these concerts to be held August 6 and 13 and September 3 and 10th.

The strip of the Vandalia road, still unopened, will be put in shape by Sunday and made to connect with the oil of the driveways thru the park. This will do away with much of the dust that has been so bad, especially at the end of the car line and the people going to the park on Sunday will be able to enjoy a dustless ride either by street car or by auto if the route out S. Main and the Vandalia Road is used.

The subscription for the oiling of Hardin Avenue is about completed and work will be begun on Dash Avenue in a few days.

The band will leave on Monday, August 7th, for a trip on a chauntiqua circuit, including Brookfield, Mo., and the concert on Sunday night, as well as the three to follow, will be played by the full band of twenty-five pieces.

In order to avoid a conflict with the union church services that are held in Central Park on Sunday evening, the concert at Nichols Park will not begin until eight o'clock.

LETTER OF EXPLANATION

The Journal is in receipt of a letter from Mrs. Helen McNamara Barber in which she states that the sisters of the late William McNamara would like the public to know that he would not have been buried in the potter's field had they been notified of his death in time. Mr. McNamara died suddenly in Beardstown and Mrs. Barber states that any one of his sisters is financially able to have seen to it that the burial was made in the usual way. The family has a lot in Winchester cemetery but the sisters did not know of their brother's death until the casket had been taken to the cemetery.

S. W. BAXTER IN NEW FIRM.

The St. Louis Globe Democrat yesterday announced that Samuel W. Baxter, brother of Dr. Geo. E. Baxter of this city and a former resident here, has formed a law partnership in East St. Louis with David E. Keefe, Charles T. Wise and former circuit court Judge W. E. Hadley. Mr. Keefe had formerly been in partnership with D. J. Sullivan corporation counsel for East St. Louis, and Mr. Baxter had been a partner with John E. Hamlin and John L. Flanagan.

MURRAYVILLE CATHOLIC PICNIC ON AUG. 9 TO BE GALA DAY

Plans are Nearing Completion—Program Will Consist of Ball Game, Athletic Events, Automobile Display, Contests and Horse Show.

Preparations are well in hand for the annual Picnic and Burgoon of the Murrayville Catholic church to be held next Wednesday at the Murrayville park. A program has been arranged that will keep visitors interested from 10:00 o'clock in the morning until late in the evening. The Merritt band will furnish music during the day.

At 11:00 o'clock the dinner hour will begin and in the afternoon every minute will be crowded with activity. A merry-go-round will be on the grounds for the benefit of the children as well as some of the grown ups.

In the morning prizes will be given for the oldest couple on the grounds, ugliest man on the grounds, best looking lady, man with largest feet, tallest man, best looking boy baby, best looking girl baby, largest family, and in a ladies nail driving contest. There will be an inducement for house wives to display their culinary ability in the cake show. Prizes will be given for the best angel food cake, best coconut cake and the best devil's food cake. All these cakes will go to the picnic and will be served to diners.

Immediately following the dinner hour a ball game will be played between the Jacksonville Merchants and the Murrayville Ramblers. This is the third game of the series and a well fought contest is looked for. A horse show will be another feature of the day. There must be three or more entries in the following events, for which prizes will be offered. Best single turn out, best lady driver, best all purpose team, best mule team, best pony turnout and the best comical turnout. Many car owners have announced their intention of entering a part of the events in the automobile display. There will be prizes for the best decorated car, auto driver, decorated Ford, decorated Paige, and the automobile coming the longest distance. As is always true much interest will be shown in the athletic events, which will include a free for all foot race, three legged race, fifty yard race for boys under 14, fifty yard fat men's race, fifty yard race for girls under 12 years, potato race and a tug of war.

This list of events will be followed by the supper and music and speaking. The picnic in all promises to be one of the largest held this season.

CO. B WILL ENTRAIN TONIGHT! FOR CAMP DUNNE, SPRINGFIELD

To Leave Early Saturday Morning on Special Train Bearing Quincy Troops—In Camp Indefinitely.

B Company, Fifth Illinois Infantry, will entrain tonight at 11:30 o'clock on the Wabash for Springfield, and will depart on a special train to be run from Quincy. The local company will be picked up here at about four o'clock Saturday morning.

First Lieutenant Hale, commanding officer, said last night that there would be between fifty two and fifty six men make the trip to Springfield and that the company will remain in camp for ten days "or more." The fact that Capt. Owen has been appointed recruiting officer at Fort Sheridan has caused no change in officers so far. If this charge is permanent Capt. Owen will resign his office with this company, and a new captain will be elected.

Lieutenant Hale has dispatched quarter master sergeant, L. P. Burke with three men to Springfield with the company kitchen, and utensils.

There will be two special cars ready at the Wabash tonight and these will be picked up by the special train, which will leave Quincy at the same time Co. B entrains. This train will have on board, the Fifth infantry band, regimental headquarters, Co. F and the machine gun company of Quincy. The regimental commissary department has already been sent to Springfield. The company will probably be at Camp Dunne by 7:00 o'clock Saturday morning.

The company is at the present time in as good or better condition as it has ever been and should make a good showing. Three men from Pittsfield will join the company today and will go to camp with them. The men are still living in hopes that they will see active service before the summer is over. When Lieutenant Hale was asked if there was any possibility of the men going farther than Springfield, he made the statement that there was absolutely nothing for publication. This might be taken to mean that the mobilization of the fifth and sixth in Springfield might mean more than mere mobilization and the facts are known only to the commanding officers.

Fifty two men of Co. B have taken the federal oath and the remainder will be given the oath in Springfield. This is also true of all other companies in the fifth and sixth regiments. They are all anxious to leave and the majority are still regretting the fact that they are not on the Mexican border.
